

## **Cinder Club Transportation Policy**

Background: The Cobb County School system does not provide transportation to athletic events off campus except for authorized competitions where the Cinder Club pays the cost of transportation. Daily practice is normally held off campus at the Chattahoochee Recreational Area where there are a large variety of trails and topography to challenge all levels of runners. Transportation to practice has historically been provided by upper classmen after school since they have parking privileges. Cinder Club has been advised that we should have a policy on this matter to protect the rights of the coaches, parents and student drivers, and requires the execution of a hold harmless agreement by those athletes requesting transportation from coaches, parents and other students.

Cinder Club policy: It is the policy of the Cinder Club that transportation to and from practices and athletic events is the responsibility of parents or the individual athlete if of driving age. Transportation of athletes by coaches, parents and/or other students requires a waiver and hold harmless agreement that acknowledges parental consent and waives the right to file suit in the event of injury caused by an accident.
